Dethleffs
A friend of the family

Arist Dethleffs invents caravanning in 1931

Determined to make sure his family could always join him on his business trips, Arist Dethleffs invented the first "camper car" – and at the same time, a completely new type of holiday. In so doing, the horsewhip and ski pole manufacturer pioneered a success story that continues to this day.

Not without my family!

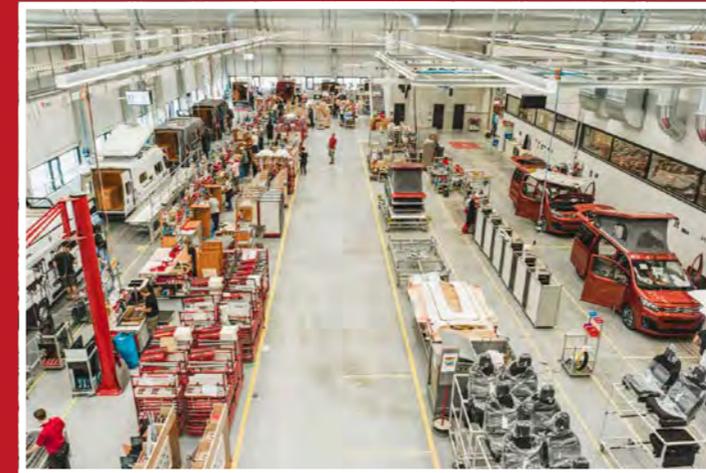

An idea enters mass production

Wherever the Dethleffs family appears with their caravan, curious onlookers surround it. The prototype meets with great interest and thus attracts more and more followers. The idea becomes a company – the company becomes an entire leisure and holiday industry.

Dethleffs

90 years of experience, reliability & service

Welcome to the Dethleffs feeling

A Dethleffs motorhome feels right from the moment you lay eyes on it. Because the quality of our products is just as appealing as the price. With "service" that means doing whatever it takes to provide our customers with unique mobile holiday experiences. And a product range that offers the right vehicle for every individual situation and requirement.

A pioneering spirit that shapes the future

Our factory in Isny im Allgäu is one of Europe's most advanced production facilities for recreational vehicles and has always been committed to meeting the highest quality standards. Over 55,000 camper vans have been developed and produced here over the last 17 years.

30 ha
state-of-the-art production facilities

> 90

More than 90 caravan and motorhome models for unique holiday experiences on wheels.

The Globevan, the new friend of the family.

Dethleffs is entering a new segment with the Globevan: urban campers. These compact vehicles are ideal as family-friendly daily drivers and for camping trips – a Dethleffs for every day.

Dethleffs has been developing and building urban campers and camper vans for 17 years. With over 55,000 vehicles built to date, we have incorporated this vast reserve of experience into the design of the Globevan.

Clever details, enormous flexibility for everyday and leisure use – and, of course, the high-quality fit and finish of a Dethleffs. Get ready to discover the new urban camper from Dethleffs.

The Globevan. The Dethleffs for every day.

SPECIFICATION

Comfort and safety

Long journeys and daily urban traffic. Anyone who spends a lot of time on the road with their vehicle will appreciate modern safety and assistance systems as well as comfort features. The Dethleffs Globevan features an extensive standard specification.

1 Integrated control panel and audio remote controls on the steering wheel, Lane Assist with Driver Alert and High Beam Assist, Emergency Brake Assist including emergency brake light, Hill Start Assist, Park Pilot System at front and rear.

2 Ford audio system with DAB+, reversing camera with image of the rearward travel path shown on the multifunction display, air-conditioning including dust and pollen filter.

3 Control panel and charge-level indicator for the living room battery, diesel auxiliary heating

4 Additional USB ports, 12 V and 230 V sockets supply sufficient energy at all times.

INTERIOR

Space sensation

The lounge or bedroom offers four berths and a comfortably wide sleeping area for outings with family and friends.

- 1** Together with the bench seat and the rotating front seats, the result is a generously sized living area with ample headroom.
- 2** The bench seat can be freely positioned thanks to the airline rail system. With a width of 140 cm, the sleeping area sets new standards.
- 3** Two storage boxes attached with knurled screws offer plenty of space for everything you need to keep close to hand – and can also be used as stools outside the vehicle.

The Globevan. Enough space for any hobby.

The Globevan is characterised by flexible usage options and is an extremely versatile vehicle. Numerous clever details reveal our designers' ability to make optimal use of the available space.

4-3-2 in one

Flexible and versatile. Two to four seats for everyday use or plenty of room for hobbies or moving house.

1 4-seater: the standard configuration with four seats and four berths.

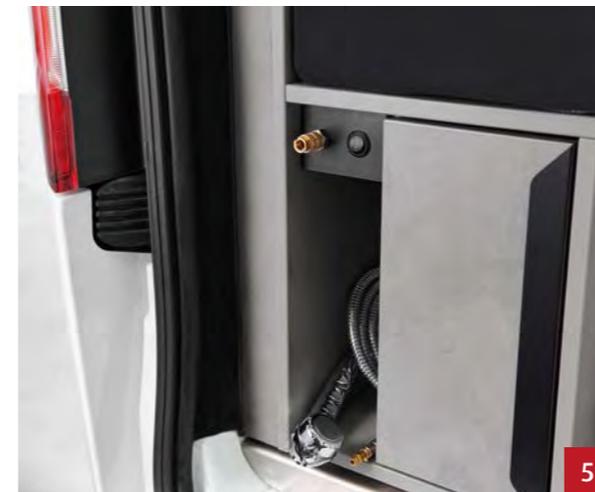

2 2-seater: the bench seat can be easily removed to create enough storage space even for unusual hobbies.

At home anywhere.

Stay wherever you want, for as long as you want. Whether to extend a day out on the spur of the moment, escape from the city for the long weekend or simply start the long-awaited journey south – clever solutions ensure relaxed feel-good moments.

- 1** A pull-out gas cooker with piezo ignition in the rear. Stowed away to save space, but always on hand for a quick cup of tea or coffee, or to whip up a delicious meal.
- 2** A 32-litre compressor cool box (for cooling and freezing) can also be used outside the vehicle thanks to the adapter plate. Alternatively, there is enough space here for two storage boxes.
- 3** A cleverly stowed 95 ah living area battery and a 1.8 kg gas bottle let you enjoy greater autonomy while camping.
- 4** There is plenty of space under the bench seat extension for luggage, shopping and any other holiday essentials.
- 5** Unusual in this segment and very convenient – the outdoor shower with 16-litre tank.
- 6** A camping table concealed in the right-hand wall turns the lounge area into a dining room in no time at all. However, the three-legged table should ideally be used wherever you have the best view.

Ready to leave
the beaten track?
The Trail specification.

Striking looks. Practical equipment.

As well as numerous visual features, the Globevan Trail One and Trail Two variants impress thanks to a second sliding door and a mechanical limited slip differential on the front axle.

For anyone who also enjoys blazing their own trail.

SPECIFICATION

Equipped for the Trail.

Daily life is no picnic. Fortunately, your Globevan Trail One & Trail Two is a tough customer.

- 1** Two sliding doors with steps on the right and left for extra safety and comfortable access.
- 2** Front and rear bumpers in dark accent colour.
- 3** Dark grille in Trail design with distinctive Ford lettering.
- 4** Trail stickers on the right/left side of the vehicle and the tailgate.
- 5** Black 16-inch alloy wheels for a commanding appearance.

Looking for that little something extra?

Dethleffs Original Accessories offers a range of tailored accessories and clever camping gadgets for your Globevan. Customise your vehicle to your heart's content so that you always feel at home on the road.

1 Awning with bracket for sunny days.

2 The rear pocket is nothing less than a textile wardrobe. With numerous storage compartments and an integrated blind for the rear window, this Original Accessory is a true all-rounder. The pocket can be stretched flat when not in use.

3 An additional luggage net under the headliner makes optimum use of all available storage space.

4 The thermal insulation and window blinds for the entire vehicle keep prying eyes out and pleasant temperatures in.

5 Topper for the lower sleeping area – extra comfort for restful nights.

6 Lashing eyes keep cargo where it belongs.

7 The roof carrier system consists of a base rail and roof carrier. For an additional load of up to 50 kg.

8 The bike rack for the tow bar can optionally hold up to four bicycles.
