## Inspires with Lightness

Lightness at the highest level: at only 777 kg, nothing compares to the light-hearted joy of travelling with the Dethleffs Coco. For this reason, our lightweight experts have combined the most effective solutions in our competence centre and created a revolutionary construction approach. It is based on the optimal interaction of single components, such as the chassis, the floor, and the sidewall. The Coco: travelling with lightness and joy!
