Pulse Classic – modern equipment in an elegant design

At home in the most beautiful moments

The success of the Pulse goes one step further. Our unique lighting system, LIGHT MOMENTS, is harmoniously rounded off by a timelessly classic interior that creates a unique sense of well-being. The beautiful, completely level floor in the living room features a harmonious stone look and perfectly completes the timeless upholstery. The **Pulse Classic** can carry an impressive payload thanks to its lightweight construction – even with 4 occupants and a maximum authorised weight of 3.5t.

Arrive, breathe deeply and relax. Experience the moment when everything is right where it belongs. The **Pulse Classic** creates space for well-being and freedom.

The perfect way to join the Dethleffs family:

Plenty of atmosphere with impressive equipment

The **Pulse Classic** is available in four different layouts – two with a queen bed and two with single beds. With a length of almost 740 cm, there is also enough space for a generous bathroom with opposing shower cubicle. In addition to its spacious and elegant interior, the **Pulse Classic** boasts a **comprehensive standard equipment**.

Single or double? The **comfortable single beds** can be easily converted into an extremely comfy double bed.

The large, very comfortable **queen bed** is accessible from 3 sides and leaves nothing to be desired.
